

You Can't Be Happy With a Headache

Probably more pleasure is spoiled because of headaches than from any other reason.

When your head aches it not only makes you unhappy but it is very apt to interfere with the pleasure of everyone else around you. One can't be expected to be very cheerful and pleasant when one's head is simply splitting. And there is no need of suffering. Keep a box of

Stearns' Headache Wafers (Shac)

In the house when you are at home—carry it in your bag when you travel. That insures you against the annoyance of headaches—your own and other people's.

Stearns' Headache Wafers are as pure as they look, and the snow-white wafers certainly indicate purity in the highest degree. One dose cures, and leaves your head "clear as a bell."

It is so much better than any other kind that your own interest demands that you insist on STEARNS'—the genuine.

Great Club Offers

Hawaiian Star + Garden Island

The Garden Island, the bright, new paper of the Island of Kauai, has been doubled in size and is now a more desirable publication in every respect than ever.

The Hawaiian Star (daily) is \$3.00 and Garden Island \$2.50. We offer both, one year, for \$9.00; six months, \$4.80. Or, Semi-Weekly Star (\$2.00) and Garden Island (\$2.50) will be sent to any address for \$3.95.

Address: Hawaiian Star, Honolulu.

CONTESTANTS HUSTLING AS END OF RACE NEARS

Contestants in The Star's Great \$3000 Prize Contest are showing much interest in the special cash prizes which will be given to the eight workers who secure the greatest number of votes during the two weeks ending at 5 p. m. Monday, January 15. As before announced, these prizes, which range from \$15 to \$250, will be given entirely independent of the count for the "Big Ten" prizes, and every candidate has an equal chance. There are eight of these special prizes, as follows:

Prize	Cash
First	\$15.00
Second	10.00
Third	7.50
Fourth	5.00
Fifth	5.00
Sixth	2.50
Seventh	2.50
Eighth	2.50

Triple Count On Now.

At 8 o'clock yesterday morning, and continuing until 8 o'clock next Wednesday morning, January 17, all subscriptions received by the Contest Department are given three times the regular schedule credit. This is the highest credit that it will be possible for contestants to get before the end of the contest, on January 27th—in

fact after 8 o'clock next Wednesday morning, the credit allowed will be but double the regular schedule, so contestants will do well to make the most of the present period of high count. Here is the way the Triple Count figures out:

	Renewal	New
One month	750	1,050
Three months	1,350	1,650
Six months	3,000	3,600
One year	7,200	9,000
Two years	15,000	21,000
Three years	28,500	34,500
Semi-Weekly Star—		
One year	1,500	2,250
Two years	3,300	5,400
Three years	5,400	7,200

Contestants Running Close.
A number of the contest workers are running very close together in the big race, and the present week should show some more important changes, unless all indications fall. As reported yesterday, there was a great shaking up in the list, and some tremendous gains, but most of the workers are by no means safe in the positions they now hold, and cannot afford to relax their efforts, now that the end of the great race is drawing so near. In reality there is barely two weeks remaining in which to work.

Morning Cable Report

(Continued from Page One.)

NEW YORK, January 11.—Firemen managed to save \$50,000,000 worth of negotiable securities from the Equitable building. Half a million dollars' worth remain untouched. Steel vaults showing effects of heat, concrete crumbling and steel warped. Firemen still at work and expect to save all.

WASHINGTON, January 11.—Admiral Potter, aid for personnel to Admiral Dewey, is granted four months' leave. Captain T. M. Potts, chief intelligence officer, will act in his place during his absence.

ST. PETERSBURG, January 11.—The Russian government will recognize the independence of Mongolia, the Chinese province which has lately declared its independence.

WASHINGTON, January 11.—Andrew Carnegie, in testifying before the steel committee yesterday, declared the country was at the mercy of archaic conditions. He denounced the banking system and recommended the Aldrich bill as a remedy. He also declared that large corporations have ignored the Sherman law until the recent decision of the Supreme Court.

NEW YORK, January 11.—Refined sugar has dropped ten cents per hundred pounds.

PARIS, January 11.—The French cabinet resigned in a row when Delcasse was appointed minister of foreign affairs. No successor was named for Premier Chollav, though a strong faction pressed for M. Delcasse. European papers are running leaders on the situation. Military reserves and special police have been called out to repress union riots in France.

NANKING, January 11.—Dr. Sun Yat Sen declares to foreign representatives that troops along the Tientsin railroad are not necessary. He promises that the republicans will keep the road open, and that peace will be restored within thirty days.

UNIONISTS MAKING STRONG FIGHT

chases—which is the root of Irish prosperity—possible. The Liberals, he claims, knowing this, have stopped land purchases for their own ends.

Other arguments are being made against desire of Ireland for nationhood, chief among them being that which caused Joseph Chamberlain and other non-conformist leaders to desert Gladstone, and which some of the non-conformist followers of the present Government can not forget—the possibility of religious intolerance.

Sir Clifford Cory, one of the great coal and shipping barons of Wales, a stalwart Liberal, has resigned the presidency of the Cardiff Liberal Association because the association invited John Redmond to the city to address a meeting on home rule.

Other non-conformists are in doubt whether to throw over their convictions against placing their co-religionists of Ulster under the rule of Catholic Ireland or under the Government, which has promised them a new education bill and disestablishment of the church of Wales.

Say Home Rule Is Not Wanted.
The alleged "weakening in the demand by the people of Ireland for home rule, as a result of increasing prosperity, is another string that the Unionists have to play in England. So little do the people want it, say the Unionists, that they will not contribute to the funds of the Nationalists, who are now dependent on "American dollars" for support.

In place of home rule, Sir Edward Carson offers his fellow countrymen under a Unionist administration: Complete restoration of political interference with the Department of Agriculture; reformation of the poor law; improvement of primary and secondary education and better treatment for teachers, and tariff reforms, which, Unionists declare, will benefit Ireland even more than England.

CIVIC FEDERATION

At the meeting of the executive committee of the Civic Federation yesterday afternoon, C. M. Dickey in a series of written questions started a

discussion on non-partisan municipal elections, city government by commission like that of Oakland and Berkeley, the initiative, the referendum, the recall and the direct primary, also what should be the action of the federation when incompetent or corrupt candidates are nominated for office. Professors J. W. Gilmore and P. L. Horne, Percy M. Pond and Mr. Dickey discussed the questions, and it was agreed that the policy of the federation for the current year should be left for decision to a general meeting of the federation.

A. F. Cooke reported that he had visited the jails around the island and found them in foul condition.

J. M. McChesney reported that \$3700 of the \$5000 required to make Lilluokalani Park had been subscribed.

W. A. Bryan reported against planting coconut trees at Fort Armstrong and Quarantine Island until the army authorities had completed the filling in of the lands.

Chairman Robbins B. Anderson appointed C. H. Dickey, P. L. Horne and P. B. McStocker a committee to nominate candidates for five executive committee memberships for the annual election. Any member can make other nominations.

BAND CONCERT TONIGHT.

The Hawaiian band will give a public concert this evening at seven o'clock at the Seaside Hotel, Waikiki, in honor of the officers and men of the U. S. S. Glacier. This is the program:

COMMITTEE ON THE TERRITORIES

(Continued from page nine.)

are best able to decide this question of fiscal policy for themselves, your committee have made no change in this section.

Water Rates.

The regulation and adjustment of water rates is very fully covered in sections 14, 15 and 16 of this bill, including a definite basis for the reduction of water rates whenever the income of the ditch company exceeds a fixed return on its investment; this return on the investment your committee believes to be most reasonable and fair. These provisions are further reinforced by section 17, which gives full publicity to all the financial affairs of the company, and will enable both the Territory and the users of water to know whenever the income of the ditch company would justify a reduction in rates.

Section 18 provides that at the end of the fifty-year term the ownership of the ditch, with its entire plant and appurtenances, shall pass to the Territory, without any payment, and free from all liens and charges whatsoever.

Right of Purchase.

Section 19 gives the Territory of Hawaii the right to purchase at any time after ten years from date of completion of the ditch and plant at its exact cost plus 20 per cent. The margin above actual cost allowed to the ditch company, in case their property is taken over, appears to be a moderate one in view of the financial risk of the work and the unproductive period of its construction and early operation.

Inasmuch as Congress has heretofore refused to extend the benefits of the reclamation act to Hawaii, the people of that Territory should be given every reasonable opportunity to develop their water resources and reclaim arid lands by the aid of private capital. Your committee believe that this bill will effect a material development of unused natural resources, make possible more home-steading of public lands, and increase greatly the taxation and rental income of the Territory of Hawaii; and at the end of the franchise the Territory will receive, in fee simple and without cost, its entire irrigation plant and system.

Bill Carefully Safeguarded.

The bill has been carefully drawn to make possible a quasi-public work which will in effect be a great public improvement for the island of Hawaii. The bill was very thoroughly discussed in Hawaii before its passage by the legislature, and in the form adopted it appears to meet the approval of all classes in Hawaii; no opposition whatever to the bill has been made to your committee. The interests of the public and of the Territory of Hawaii have been carefully safeguarded by the legislature in drafting this measure, and your committee herewith recommend its passage by the House.

kind, and there would have been a panic. Profiting by the example, someone else released some firecrackers, and then another shallowpate followed suit.

Had one of the light dresses of the women in the vicinity caught fire, the deathroll would have been a big one. There were over fifteen hundred people in the theater, and the entrances were hampered by the people who were buying tickets, or waiting for their turn to get in.

CLAIMS HEIRSHIP

(Continued from Page Nine.)

Russia's Czar, anxious for influence in the Balkans, is pushing the plan for all it is worth, and Russia is more respected in Serbia than any other power. Therefore, it is quite likely that Princess Zita's party will go to the wall in favor of the Russian Grand Duke and his Serbian wife, Helene. Whichever way it goes, these are exciting days for the Serbs, who crowd the cafes to discuss the prospects of the various pretenders.
